To my dimpled darling:

There is so much that I want to say and I have so very little room in which to write my thaughts. I guess that I could start out by telling you that I love you so very very much and that my feelings will always stay that way. You know that there will always be a special place in my ~~too~~ heart for you. You will always be very dear to me and I will remain true to you. Whatever chance you take in the future I hope that you will remain true to me, too. In the future years to come I hope that this wonderful world remains as a dream come true, to be yours forever, more. (Sorry about using pencil but my pen wouldn't write so good, so pencil will have to do)

Love You Always

ALL THE WORLD'S

I was happy to be able to be in this school and I hope I will be able to come back. I give thanks to Dr. Toth, Mr. Moses, Mrs. Francis and all the teachers who have been my friends and who have taught me English which is a very difficult language. Thank you, too, to all the boys and girls who have been so nice to me.

Jolanda Tibola

Through participation in the International Fellowship Program we sent four juniors to spend their summer vacation in South America. Damon Faldowski traveled to Bogota, Colombia; Cheryl Davidowski stayed in Cali, Colombia; Ken Karsten spent ten weeks in Lima, Peru; and Susan Hereda lived in Medellin, Colombia.

May I take this opportunity to tell you how much I enjoyed my stay in the United States and particularly my time spent in Lower Burrell.

Among fond memories will be — the play practices for "Strange Boarders", the dance sponsored by the Senior High P.T.A., snowballing with my North American brothers, and above all the friendliness extended to me by the Burrell teachers and students.

My experiences have been very happy, and I return to Brasil with a better understanding of the customs and the culture of your country, and I hope that I have also left with you a better understanding of my home in Sao Paulo, Brasil.

**WE,
THE CLASS OF '67,
DEDICATE THIS
YEARBOOK
TO YOU, OUR
GUIDANCE
COUNSELOR.**

Being a part of the Burrell School System since 1950 has been a pleasure. Seeing it grow year by year, and then — our first graduating class. It was a real thrill! My wish is for its continuing growth and that the men and women who will pass through these doors will make great contributions to our society and bring honor to our school.

My sincere thanks to each and every one who made my life richer for knowing you and, perhaps, I, too, have left some sands of love, faith, honesty, truth, compassion and care for my fellow man on the shores of time.

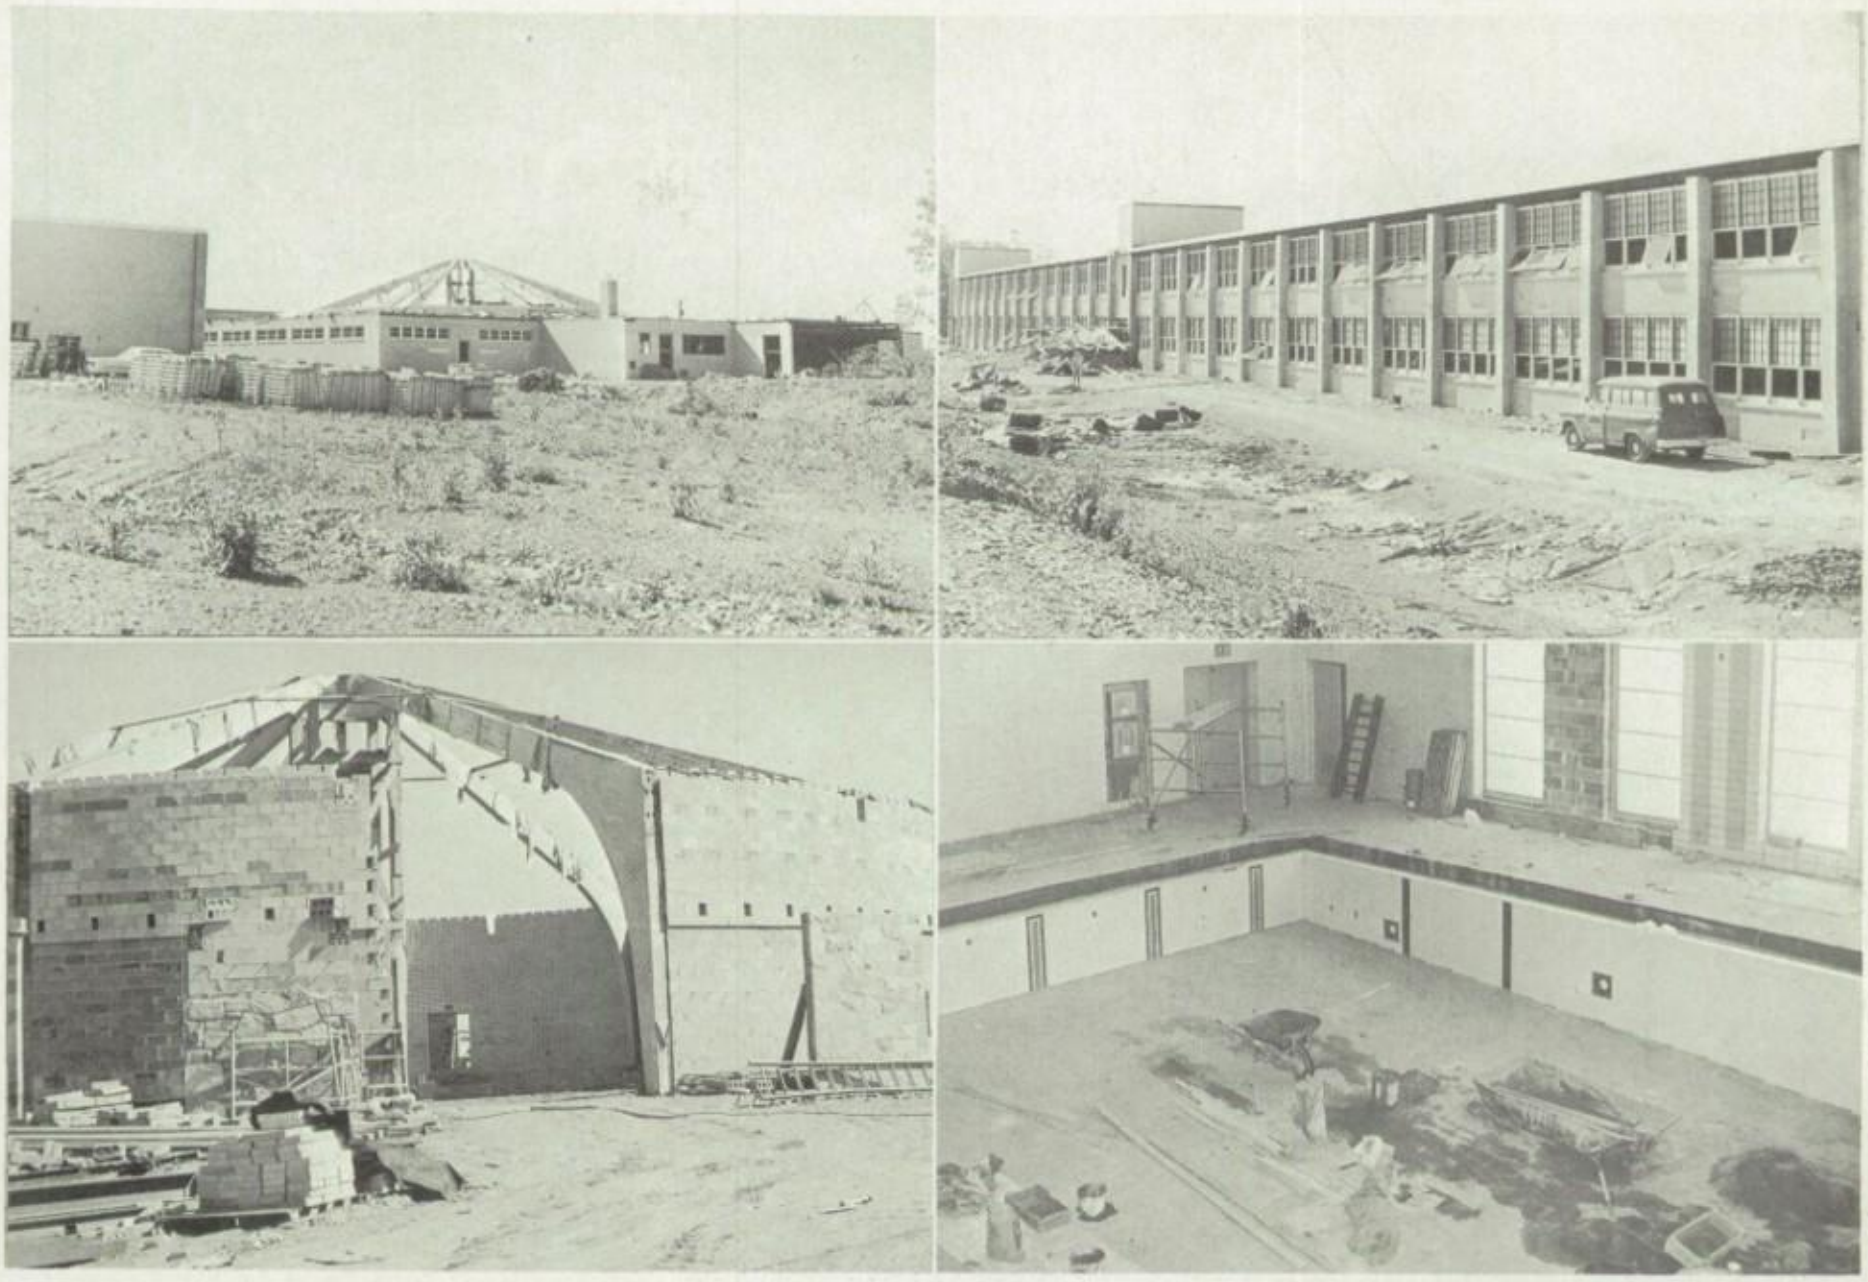
FACULTY

THE BOARD OF EDUCATION

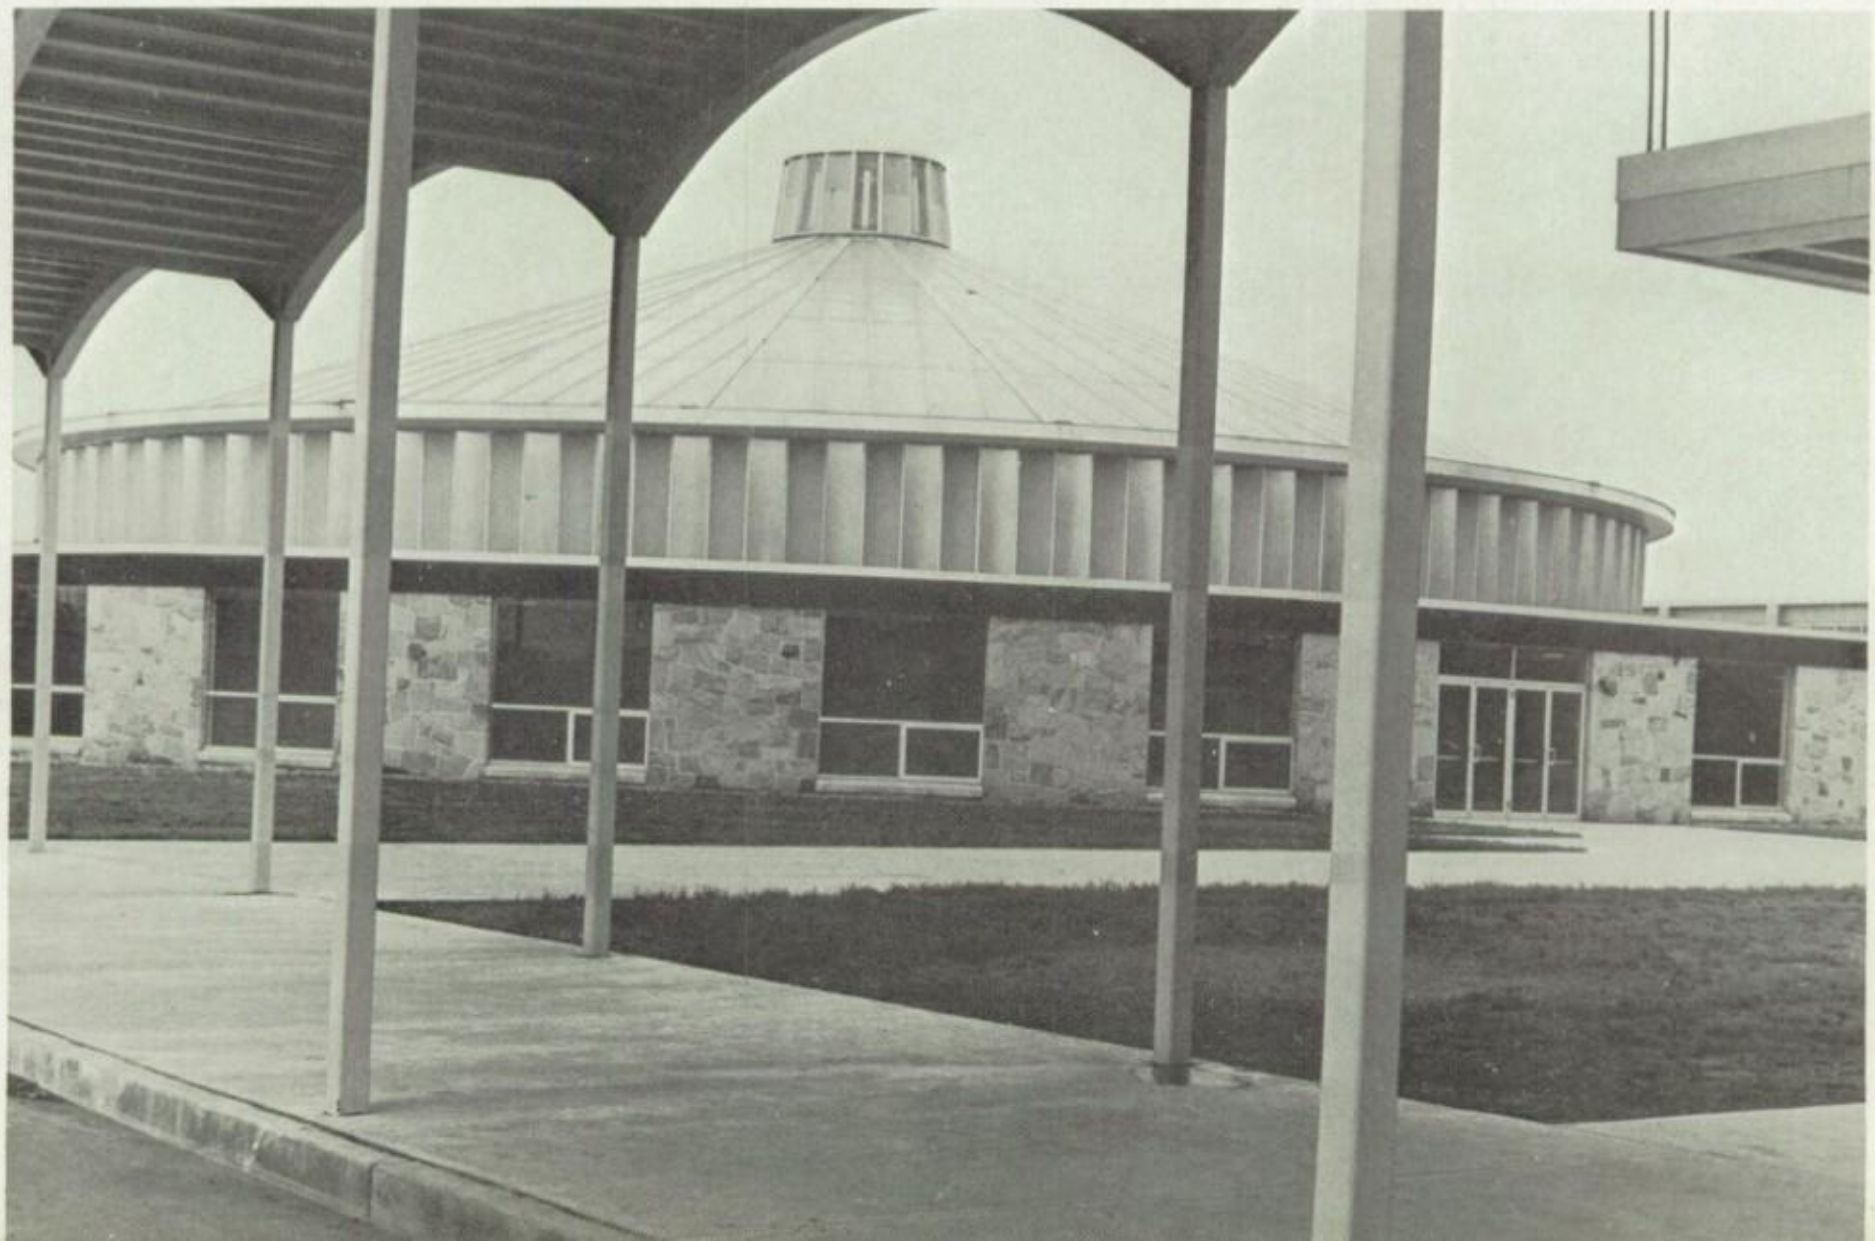
SEATED: Mr. Elmer Draper, Mr. Jesse Piper, Miss Joyce Myers, Secretary to Mr. White, Mrs. Alice Achenne, Mr. Andrew Becker, and Mr. Arnold Ewing, Treasurer. STANDING: Mr. William White, Supervising Principal, Attorney Joseph Bonidy, Solicitor, Mr. George Shields, Mr. Charles Smith, School Board Secretary, Mr. Harry Ryan, Mr. Paul Kirkland, President.

In every school district it is necessary to have a group of responsible individuals sharing in the policy making function of the educational system. Our fine school board serves in this important capacity. These men and women behind the scenes give unselfishly of their time and effort to formulate the program of learning for our boys and girls. The board always cognizant of the high value of quality education take seriously their function of decision making in problems vital to the welfare of our students. The members of the class of 1967 are grateful and appreciative to our board of education.

THEN



NOW



MR. WILLIAM WHITE

SUPERVISING PRINCIPAL

TO THE GRADUATING CLASS OF 1967

It is a pleasure to extend to you, the class of 1967, congratulations upon the successful completion of your high school education. Your class has the distinction of being graduated at an opportune time — a time when advancement in science and technology is commonplace. "The sky is the limit" might be the slogan of your class since research and exploration once again take their place of importance in our nation.

Your school has prepared you well for whatever advanced education and training you may select — now it is up to you to make serious plans to live in the new jet and nuclear age. Your age group will no doubt play a significant part in placing humans on the moon and other planets. Nuclear power will be used for peaceful pursuits. May your class accept this challenge of the new pioneer spirit of our great country.

William F. White

MR. HUSTON

ASSISTANT SUPERVISING PRINCIPAL

It is my belief that the success of the school, like the success of any other institution, depends upon the extent to which it serves present needs and can accommodate itself to present-day social, economic, educational, and political contingencies. In a rapidly changing social and political structure, no institution can be in the forefront or even keep up to date unless it has the capacity and ability to make changes in its structure, in its methods, and in its purposes in order to serve the community. As recent graduates, it is your responsibility to encourage social and educational change wherever and whenever it is beneficial to do so.

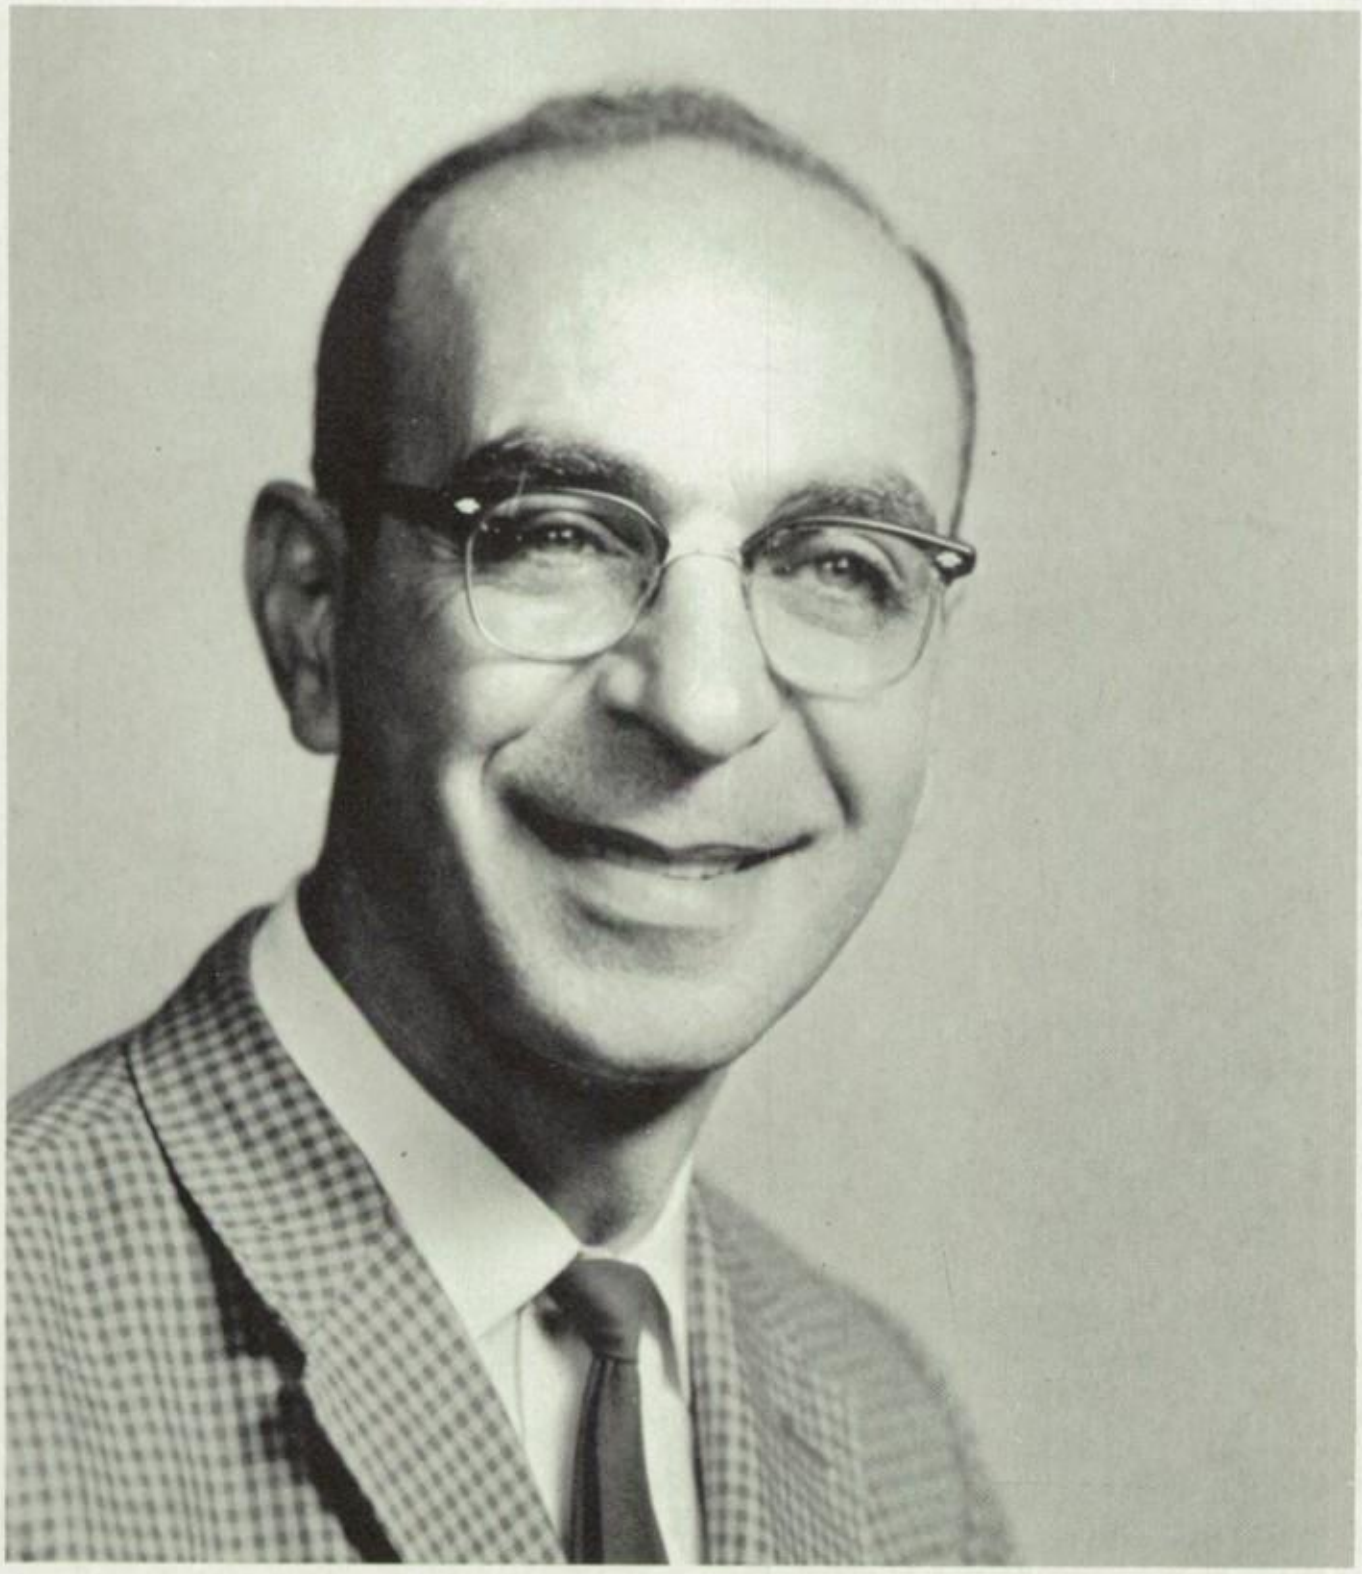
DR. TOTH

OUR PRINCIPAL

TO THE SENIOR CLASS:

To graduate is a privilege. May each of you get the fullest measure of what such an event should bring. May you recognize the opportunities which your school has offered you. Here you have developed your talents and have been led to discover and use new ones. If you have made the most of your opportunities, you are prepared to be exponents of the spirit of your Alma Mater. If you carry over into your adult life the interests, beliefs, friendships and abilities you have enjoyed during your high school life, your place in the world should be satisfactory. We challenge you to make an effort to secure further education or special training; to become skillful in your chosen field, whether it be work of the mind or of the hands. My strongest hopes and best wishes go with you.

Kolman F. Toth



MR. ALBERT MOSES

ASSISTANT PRINCIPAL

TO THE SENIOR CLASS:

I would like to congratulate the class of 1967 and throw a challenge before them. Will you be one of those who "leads the parade" and prepares himself for the future? Will you further your education in the many areas offered to you?

All of you were born in the atomic age. This was followed by the age of the hydrogen bomb. Now, you are in the midst of a great social and educational change.

In 1955 we had 37 million young people and adults in our schools and universities. In 1966 — 54 million; and by 1975 it is predicted that this number will soar above 65 million.

Will you be part of this educational growth? Will you be prepared to take your place in an everchanging society that will have many new types of positions? Will you be prepared to appreciate the arts of a world culture? Will you be prepared to participate in the enormous task that lies ahead of you?

I CHALLENGE YOU!

MR. FRANK B. PALLONE

COORDINATOR OF FEDERAL FUNDS

GRADUATES OF 1967:

You have been given the tools of education and the skills to build a successful life. Twelve years of keen competition have made you realize the importance of education.

Your commencement is only a beginning for you. You must continue to find opportunity to grow and realize your full potentialities. To do this you must make the most of your opportunities and not let them pass you by.

Do not abandon discipline for indulgence, and honest work for quick gain, but do work and grow along healthy and constructive lines. In our society there is no one who can put meaning, or purpose, or moral standards into our lives. We do it oursleves — by choosing! This is the real challenge of our times.

My "bon voyage" wish to you is that you may have the courage to face the challenge of your times and to make decisions with wisdom.

MR. JAMES HARTZ

Mrs. Martha Francis, who has a B.S. from California State College and a M.A. from the University of Pittsburgh, and Mr. James Hartz, who has a B.S. from St. Vincent's College and a M.Ed. from the University of Pittsburgh help to ready the students of Burrell for the future. Both Mrs. Francis and Mr. Hartz spend countless hours a day making sure that each and every student has the best and most extensive guidance possible. Their doors are always open to any who wish to find out more about further education in any field.

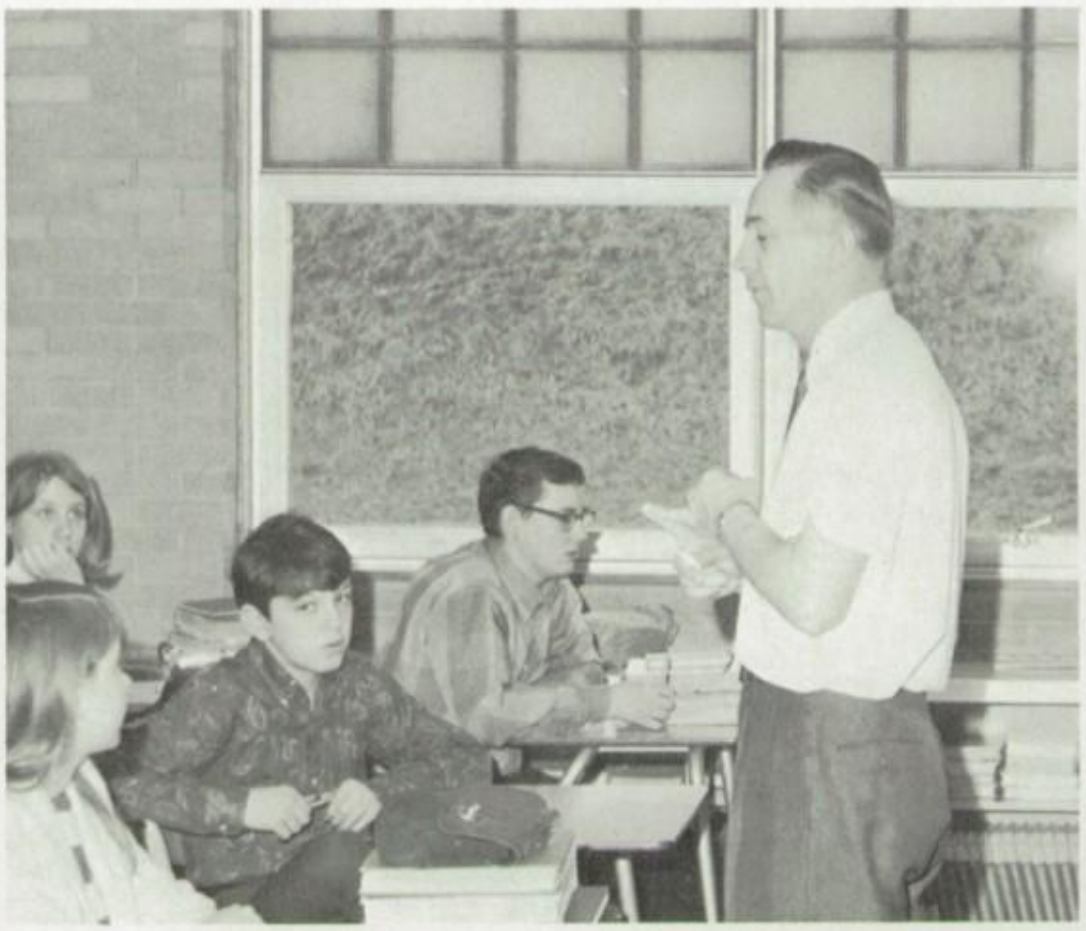
MR. RUDY VESELICKY

MR. MARKO AREZINA, JR.



"If it's more important than math . . ."

A program designed for all students in accordance with their future occupational needs is the mathematics curriculum. First, for those who plan to go into a commercial field, the department offers the latest courses in business mathematics and accounting. Secondly, the department gives a good general course to prepare the students for the socio-economic problems which they may encounter as citizens.

MR. JAMES COLLINS

MR. MICHAEL MATISKO

Finally, Burrell offers one of the most extensive modern math programs in the valley. Under this program a hard-working student may go as far as the fifth year, or college level math in his senior year. With this broad program a student can meet the demands of everyday life, the business world, or institutions of higher learning.

MR. MARKO AREZINA, JR., teaches Algebra I and Geometry. He graduated with a B.S. in Education from Bowling Green State University.
MR. JAMES COLLINS is teaching Algebra II and Geometry after having acquired his B.S. degree from Edinboro State College. He is our Assistant Football Coach.
MR. MICHAEL MATISKO teaches Algebra II, General Math I and 5th -year math. Mr. Matisko received a B.Ed. and a Master's Equivalent from Duquesne.
MR. RUDY VESELICKY teaches Mathematics with a B.S. from Indiana University of Pennsylvania and a M.Ed. from Pitt. Mr. Veselicky is the Junior Class Advisor.

THE QUIET ZONE

An essential unit of Burrell's literary progress is the library. With its classroom, periodical room and research area, the library is a center of activity. By the end of its third year, the library will contain about five thousand volumes as well as many magazines, pamphlets and filmstrips for use by students in all of their classes. Mr. Papurello, our able librarian, is most helpful in locating material of any kind and in maintaining quiet study facilities.

MR. ENRICO PAPURELLO, with a B.S. from Clarion State and an M.A. from Duquesne University, is the Burrell librarian and Audio-Visual director. He also sponsors the Library and Audio-Visual Clubs and is the baseball coach.

MRS. VICTORIA SPANIOL, who teaches German and sponsors the German Club, received her B.A. from West Virginia University

SCIENCE: THE ROAD

MR. DENO ACCIAI teaches P.S.S.C. Physics, Earth and Space, and Physical Science. He has a B.S. from Indiana and a Masters from the University of Pittsburgh. He sponsors the Astronomy Club and the Radio Club (WA3DEI).

MR. SAMUEL EARHART teaches Biology I, II and has received a B.A. and a M.A. from Washington and Jefferson College. He sponsors the Future Teachers of America.

MR. RAYMOND KORT graduated from Clarion State with a B.S., teaches chemistry. The Physician's Club is sponsored by him.

To make students aware of the increasingly scientific world in which we live and to give an adequate background to meet scientific problems which they may encounter is the main function of the Science Department. The fields of science available to Burrell include biology, the study of plants and animals; chemistry, the study of chemical and physical composition of various substances; physics, the study of physical relationships; and earth and space, the study of the heavens and the unexplored horizons of the future. This department not only provides pupils a further understanding of scientific questions and phenomena but also enables them to stimulate their curiosity and their imagination.

MR. JOSEPH HAGAMAN, who graduated from Indiana University of Pennsylvania with a B.S. Ed., is teaching American History here in Burrell High.

The august body of Social Studies teachers sends seniors into the world to tackle income tax and political problems. The entire department is dedicated to the proposition that all good men should come to understand the democracy in which we live. In order to form a more perfect student, the curriculum establishes the basis for the further development of the humanities.

MR. ROBERT JONES, teaching U.S. History, P.O.D. and Economics after graduating from Indiana University of Pennsylvania with a B.S., is our triumphant Wrestling Coach.

MR. ROBERT HERPS, World Culture teacher, received his B.A. from the University of Pittsburgh.

MR. FRANK MARTIN, head Football Coach, teaches both World Culture and Pennsylvania History after receiving a B.S. from St. Vincent College.

MR. FRANKLIN RAMSEY, who acquired from Slippery Rock State College a B.S. in Education, is teaching P.O.D. and Economics. Mr. Ramsey sponsors the Student Council.

The teachers attempt to give a student a basic knowledge of the structure of our government, the history of our nation, the facets of the American economy, and the histories and cultures of the other areas of the world. During class discussions of these topics the student is encouraged to give his opinions. This teaches him how to analyze a problem and also gives others in the class a chance to learn.

MR. FRANK SOLOMOND, a teacher of World Culture and U.S. History, received his B.S. from Clarion State. Mr. Solomond assists Coach Martin.

MR. CHARLES SHIRLEY teaches both Economics and P.O.D., and Chinese I and II. Mr. Shirley graduated from the University of Pittsburgh with a B.A. and M. Ed.

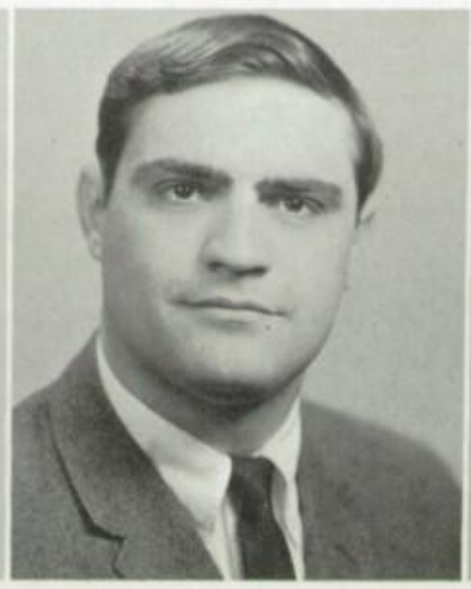
THE CLATTER OF MACHINES

MRS. MARGARET DELUCA

MR. JOHN GABRIELLI



MR. MICHAEL LUCIDI

MRS. DOMENICA VOGEL

MRS. MARGARET DELUCA, teaches Shorthand II, Office Practice and Typing III, graduated from Indiana University of Pennsylvania with a B.S. and from Duquesne University an M.Ed. She sponsors the Future Business Leaders of America.

MR. JOHN GABRIELLI teaches Bookkeeping, Business Math, Selling and Typing after receiving a B.S. from Indiana State University of Pennsylvania.

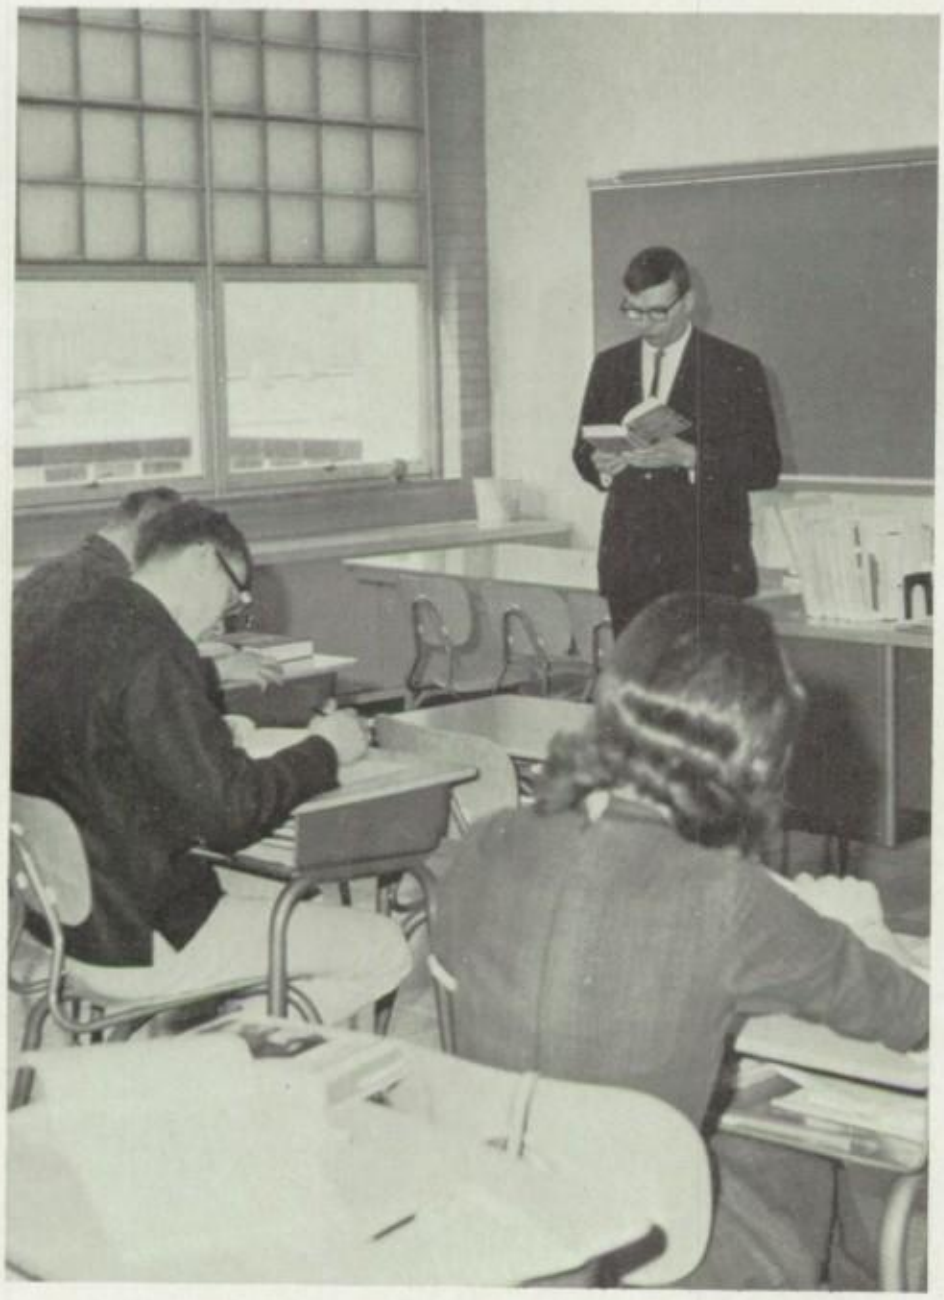
"Since when do you take dictation from 'KPA.".

By following the clatter of typewriters one is led directly to the Business Department of Burrell. In this department a program has been developed which not only contributes to the general education of all its students, but also provides each student with the necessary skills and knowledge for employment in the business world.

MR. MICHAEL LUCIDI, teacher of Business Math, Personal Typing and Typing 1, graduated from the University of Buffalo with a B.Ed.

MRS. DOMENICA VOGEL received her B.S. from Indiana University of Pennsylvania and presently teaches Typing, Shorthand, and Notehand. Mrs. Vogel manages the Future Business Leaders of America.

OCCUPATIONAL EDUCATION AND READING IMPROVEMENT



Mr. Devine teaching class.

MR. ROBERT DEVINE

MRS. SUE GUINEY

MRS. JEAN VEITCH.

On-the-job training is an essential part of the three year Occupational Education program. It is designed to equip the student with the knowledge and skill required in everyday life. He attends classes in the morning in order to fulfill his academic requirements and works at a training station during the afternoon. Each training station is maintained for a period of nine weeks, and upon completion of twelve of these projects he is ready to become an independent citizen and a productive worker in our society. Mr. Robert Devine, having received his B.A. from St. Vincent's College, teaches Occupational Education.

Mrs. Sue Guiney and her assistant Mrs. Jean Veitch are the instructors in the Reading Improvement Center. With their help, students strive to become more adept in the basic reading skills. Tapes, records, and speed readers also aid students in accomplishing their final goal: becoming competent readers.

THE WATER BURNERS OF BURRELL

MRS. CAROL WATTERS

MRS. MARY FARRAH

The Homemaking Department assists in preparing students in the skills of the household. Areas the students cover in the four year curriculum include family clothing, textiles, and tailoring; home decoration; child development; flower arranging; home nursing; foods and nutrition; personal, family and community relationships.

Courses are taught in the pleasant three-room suite. These rooms include the foods lab with four complete kitchen areas, a clothing workshop and family living room. These provide a relaxed "work-shop" atmosphere where a close teacher pupil relationship prevails.

Under the supervision of Mrs. Watters, who received her B.S. from Indiana University of Pennsylvania and Mrs. Farrah, who received her B.S. from Kansas State, girls in the Home Ec class and Future Teacher's Club prepare for a life of a homemaker.

THE INDUSTRY OF BURRELL

MR. JOSEPH YEDLOWSKI

The Industrial Arts Department offers classes in four areas: Mechanical Drawing, Woodshop, Metal Shop and Electric Shop. In these courses Mr. Yedlowski not only hopes to give the students a better insight to this area of study, but also a wide background in the entire field which may help the student to find the type of vocation suitable for future employment. The up-to-date work rooms provide students with the expe-rience in the use of tools, materials, and processes which are employed by industry.

MR. JOSEPH YELDOWSKI, who graduated from California State College with a B.S. in Education, serves as Industrial Arts instructor and Sponsor of the Stage Crew.

THOUGHT PLUS CREATIVITY YIELDS BEAUTY
OUR ART DEPARTMENT

The betterment of mankind is only advanced by the thought and creativity evolved from art. As a stimulus to challenge his creative energies, art serves the student as the impetus for further studies or endeavors.

The halls of Burrell contain the trophies of its persevering art students. Each one of us, regardless of his ultimate goals in life, has a small spark to generate the flame of creativity.

With its modern facilities, the art room provides a variety of expression available to the artist.

MR. JACQUES WATKINS, Art teacher, graduated from Edinboro State College with a B.S. in Art Education. In his spare time he sponsors the Chess Club.

THE SOUNDS OF MUSIC

MISS BONNIE ANCHORS

MR. JAMES LAGOON

Adding a touch of pageantry to the football games, lending culture to the community, and bringing honor to our school, are three achievements of the Music Department. The choir and concert band perform in two concerts each year, one at Christmas and one in the spring. The district band also presented its concert here in February. The dance band was honored by being invited to attend the Dance Band Festival at Greensburg-Salem High School.

The head of the department, Mr. James Lagoon, Jr., has a B.S. degree from Indiana University of Pennsylvania and a Master of Music Education from Duquesne University. He teaches band, music theory, and music appreciation classes and sponsors the marching band, majorettes, and dance band.

Miss Bonnie Anchors teaches music and choir, both in the high school and elementary schools of Burrell District. She has a B.S. degree from Indiana University of Pennsylvania.

"Please, we'd rather do it ourselves!"

HEALTH AND PHYSICAL FITNESS

MR. EUGENE BACHA

MISS ESTHER McGRATH

MR. JOHN ROBUCK

Three main goals that the physical education department sets forth are first, to teach students the acceptance of both victory and defeat; second, to show good sportsmanship in all activities; and third, it endeavors to increase the physical stamina, strength and coordination of the student. These goals are accomplished in modern well equipped gym and swimming facilities. The curriculum in the Health section of the department consists of thorough study of body ststems, their function, and the diseases which affect them. With the assistance of films, transparencies and manikin, students are able to visualize the inner organs of the body. Under the direction of Mr. Bacha, a graduate of the University of Pittsburgh; Miss McGrath, who graduated from Slippery Rock with a B.S. and the University of Pittsburgh with a M.E.D.; and Mr. Robuck, who received a B.S. from Michigan State, the department hopes that with these lessons in gym and classroom the student will take his place in society as a better, healthier person.

Mr. Bacha captivates health classes with interesting films.

DEFENSIVE DRIVING, INC.

Can you imagine being chauffeured around our school one hundred times a day, five days a week, 180 days a year? The man assigned to this job is Mr. Domen. Each student enrolled in the Driver Education classes at Burrell is guaranteed thirty hours of classroom instruction and six hours of actual behind-the-wheel experience. In the classroom the students are taught the necessity of observing safety and traffic regulations. While in the car, Mr. Domen stresses what has been learned in the classroom plus the idea of "defensive driving."

Mr. Thomas Domen, a graduate of West Virginia University, also assists Coach Martin as the football line coach.

HERE'S TO YOUR HEALTH

MRS. LOUISE LANFALONI doubles as a school nurse and sponsor of Future Nurses. She received her R.N. from Mercy School of Nursing and a B.S. from Indiana University of Pennsylvania.

Awareness of the importance of health is gained through the services of the medical and dental staff. It is by exáminations that each student receives insight to the health program prescribed by the state. Health tests are essential supplements to less frequent, periodic medical and dental check-ups.

MRS. KEHEW our head dietician.

Perhaps the fulfillment of each day lies in the most populated place of Burrell High at noon, the cafeteria. It provides a chance for the students to relax, gossip and the primary reason for their being there, to eat. The staff of workers behind the counters provide hot, nourishing meals to over 800 students every day.

Many innovations have been introduced this year. Besides the usual plate lunches, we find many "a la carte" selections available — to those who want them. Now to the abode of pleasant repast (?) is Mr. Domen. He is, more or less, the overseer to make sure things do not get *too* far out of hand. Needless to say we are all deeply indebted to all of those who are involved in these services provided for us.

PARTING

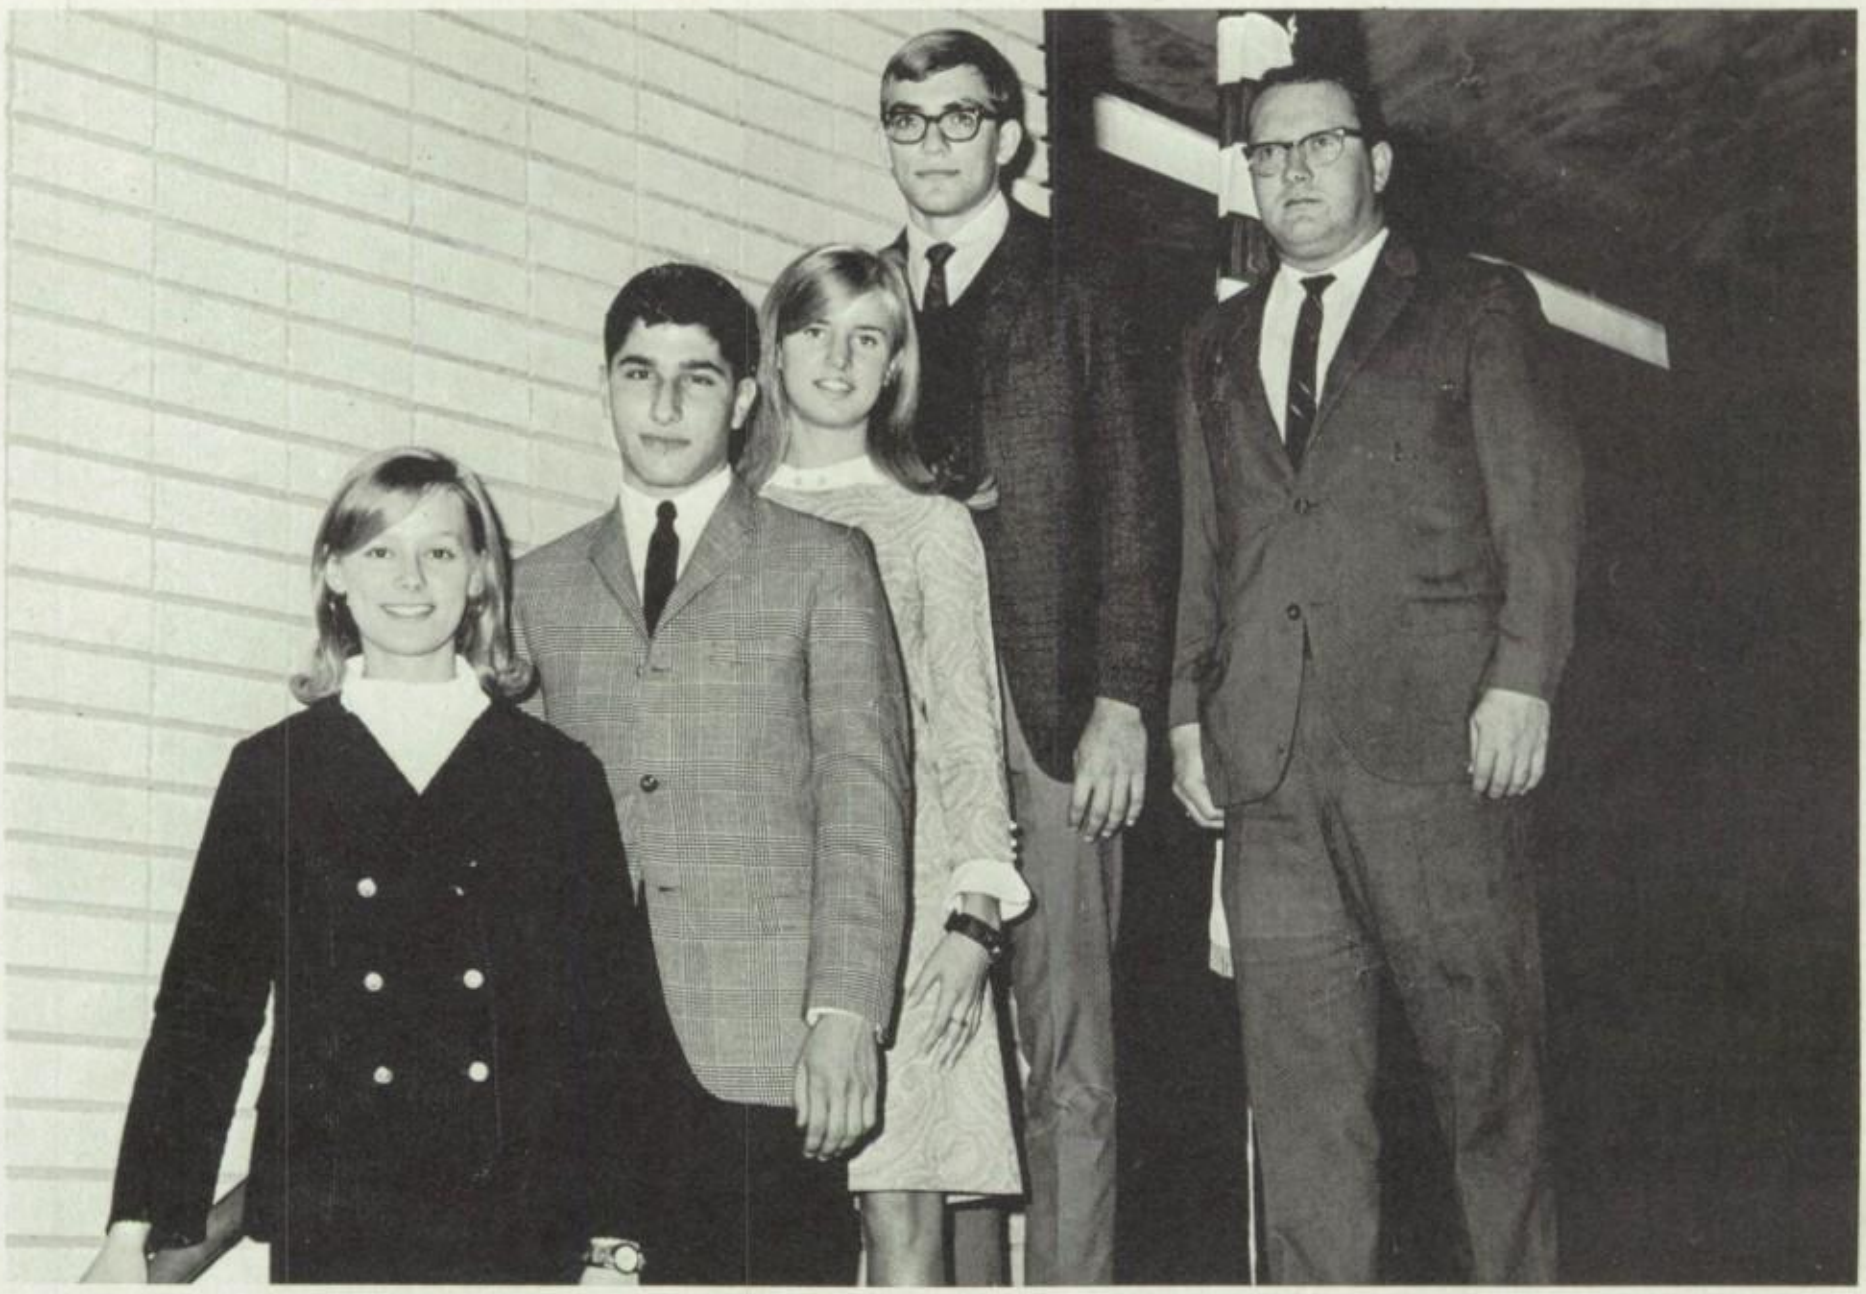
For every meeting there is a parting,
When all must leave their beloved nests of origin
And set aside the friends and happenings of
Countless threads of time.

We are like butterflies flitting from place to place
In search of goals known to some, but not to all.
It is these few who leave a part of themselves
Back in this beloved place who will
Stick deep in the realms of our souls.

As these certain few shall leave,
All know of the saddening in our hearts
When they must utter that wretched phrase
Which claws the throat of all sane men —

Good-bye my friends.

Written by former student Dennis Kutzer



Heading the senior class are Lois Kosheba, secretary; Jim DiMuzio, treasurer; Jennifer Scheid, vice-president; Ron Wrable, president; Mr. Shiring, sponsor.

We are the seniors. We look at our senior year as a straight path behind us. Glancing back we see many experiences along the way. First was sorrow — the death of a classmate, one who did not share with us the joys of our senior year. Then came the status of being the upper class; the confidence that accompanied it will never be lost. Our first football victory filled us with pride, and the season was climaxed with the crowning of Burrell's first Homecoming Queen. Then came the excitement of exchanging senior pictures. And, finally came graduation, the great day that combines joy, sadness, and eager anticipation in the hearts of us all. Yes, we are the seniors. We now look ahead to the untraveled path and find that there is a bend beyond which we cannot see, and beyond which our futures lie.

1967 JUNIOR CLASS

Through the experience we have gained this year, we have proven ourselves capable of becoming the pilots of the senior class. Our class has gained many memories this year. We can never forget the exhaustion of our College Boards. Through hard work and our candy sales, we provided a memorable prom for the seniors. All the hard work we put forth now seems worthwhile. These and many other experiences each of us has taken in stride. Our class has eagerly looked forward to the day when we will proudly spread our wings and take command of the ship.

1967 SOPHOMORE CLASS

1966 — our first year in the senior high. This year has served as a foundation for the next two years. We've had the pride of electing class officers for the first time and we've accepted the complex responsibilities of a senior high student. The results of our efforts were clearly evident by those of us who made the honor roll and those who participated effectively in athletics and extracurricular activities. This year has prepared us to assume our responsibilities and go forward in our ambitions, abilities, and friendships.

Representing the 1966-1967 Sophomore Class are class officers M. Spires, treasurer; K. Reynolds, vice president; J. Hansel, secretary; J. Suvoy, president. Standing with the officers is Mr. R. Jones, class sponsor.

1967 FRESHMAN CLASS

Making their debut into the senior high last fall, the freshman have proven themselves to be energetic and resourceful. Through lack of space in the junior high school, these two classes were transferred to the senior high school a year earlier. Although the remainder of the class is in another building, these few freshmen have placed a lasting impression in the minds of all who they have contacted. These few will surely be the leaders for the Sophomore Class of 1967-68.

STUDENT COUNCIL

Don't like some of the things that are happening in your school? Let your suggestions or complaints be known through your student governing body — the Student Council. Your homeroom representative can bring your ideas to the attention of the Council where action will be taken on those which will benefit our school. The Student Council, supported by the student body, works hard to improve our senior high school.

Among its accomplishments this year was the sponsoring of a Homecoming, with Lois Kosheba crowned as Queen. The proceeds from their chief money-making project, a sale of Burrell Buccaneer license plates, were used to purchase something that will benefit our school.

Hear no evil, see no evil, and speak no evil about Burrell!

Lois Kosheba, Homecoming Queen

Lynnette Flemming, Senior Attendant; Lois Kosheba, Queen; Debbie Middleby, Sophomore Attendant; Cheryl Davidowski, Junior Attendant.

NATIONAL HONOR SOCIETY

The members of the National Honor Society must not only display scholastic achievement, but they must also possess the qualities of leadership, character, and service. Comprising the Burrell chapter this year are twelve seniors who were selected in May of 1966, and twenty-five other deserving seniors who were elected this year. In December, the new members were inducted in solemn ceremonies conducted by the original twelve members. This fine organization is one of which Burrell can be proud.

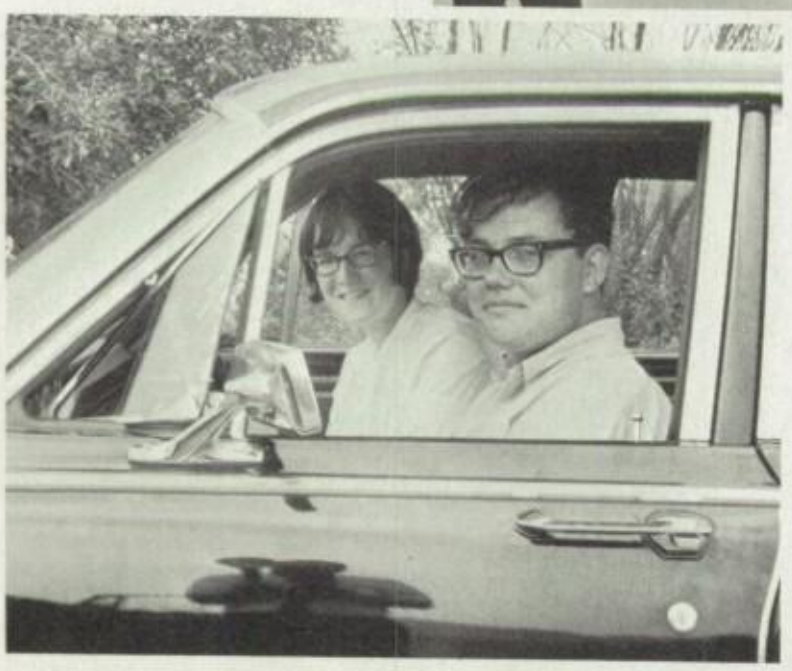
Money, money, money!

"Well golly, I can't figure it out either!"



"And they said I didn't have a chance!"

"That ought to shake up the printers!"

"With Snoopy on our side, they're sure to sell!"

Encouraging gifted classmates to demonstrate their creativity is the job of the members of the literary magazine staff. The most difficult task is deciding which of the many poems, short stories, essays and book reports should be published in the brief anthology. Illustrations by talented artists from our school help make the "Scrawler" a well-rounded representation of the talent of Burrell students.

"Let's go, kids! The deadline is tomorrow at 3:00! There are still galley sheets to be pasted, proofreading to be done, headlines to write and that last interview to be typed. Hurry up or we'll never get this paper out!!"

Orders similar to these were probably given many times during the school year by Mrs. Slease to the newspaper staff. All these and many more last minute preparations must be made before a newspaper issue can be sent to the printers. The staff members work frantically, and their pace would make some of our heads swim, but out of all this confusion come amusing, informative, and entertaining issues of the BURRELL HI LITES.

"Just so it looks good, they don't read it anyway."

How many days do we have for Christmas vacation? When is our next home game? Hard-working journalists publish information such as this in the form of a handy up-to-date guide to Burrell High School. Each student receives a handbook on the first day of school, but few realize all the effort that goes into its publication. The Staff is composed of juniors who have proved themselves competent in English or typing. Much of their work is done during the summer when they revise, organize and double-check information before having the handbook printed.

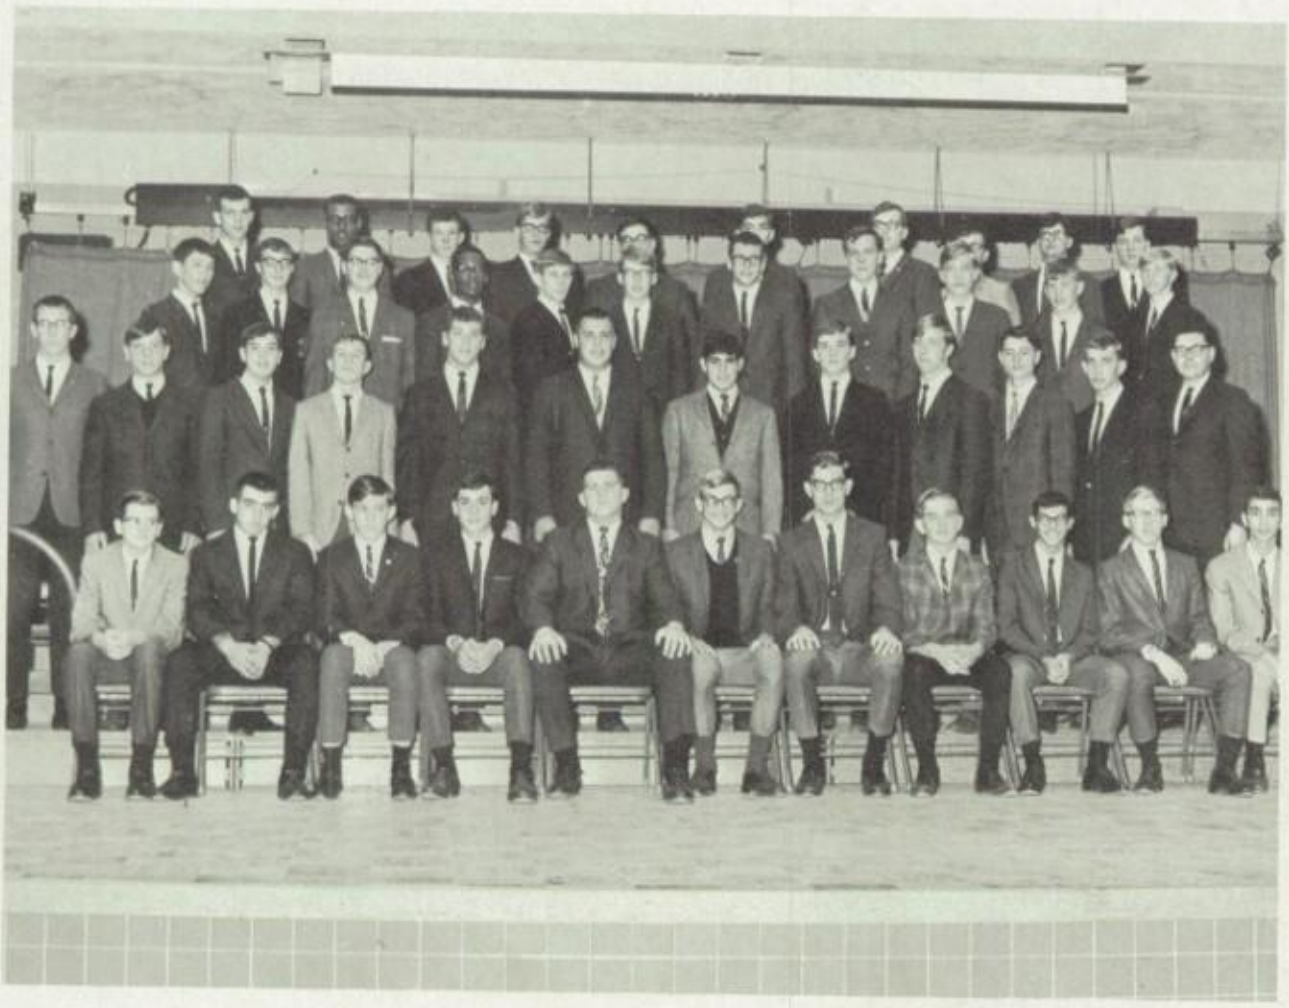
KEY CLUB

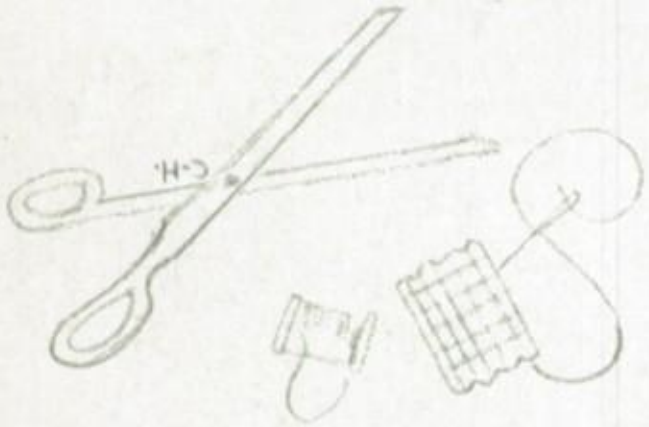


It must be halftime!!

The hard-working boys you see selling concessions at athletic events, helping out at the Kiwanis Spaghetti Dinner and acting as guides during National Education Week are members of the Key Club. This organization aims to develop the leadership qualities in its members to help make them outstanding citizens of the future.

Mrs. Watters sponsors the eighty-five club members.

FUTURE HOMEMAKERS OF AMERICA



Every girl should know the basic homemaking skills: cleaning, cooking, sewing, washing and ironing. Members of the Future Homemakers of America are able to practice and improve upon these essential skills while they also learn the value of giving of themselves to help others.

This year at Christmas time, F.H.A. members dressed as Santa's helpers and distributed gifts to the children at the Elizabeth Bradley Home. Club members made nightgowns for the girls and pajamas for the boys, and purchased models and dolls for these children as their major service project of the year.

Why, Nora, you've gained so much weight!

"And at Burrell we learn . . ."

Students who are planning careers in the business world are off to a good start as members of the Burrell chapter of the Future Business Leaders of America. During club meetings, guest speakers and filmstrips give members helpful hints on correct office procedures and appearances. This year our school was honored to be the site of a regional business club convention, at which Maureen Chmiel, president of Burrell's club, took part in the ceremonies.

The responsibilities, training requirements, and personal satisfaction involved in the teaching profession are explored by members of the Future Teachers of America. Under the guidance of Mrs. Francis and Mr. Earhart, the club members evaluate their own qualifications for this career and honor the teachers at Burrell on Teacher Appreciation Day. The future teachers also help as guides during National Education Week, participate in a state convention, and set aside special days as college visitation days.

"Where can I find a list of the Cabinet members? Is there a book on Spanish culture here?" Library Club members are always available to help students make the best use of our Library facilities. During their meetings the members learn from Mr. Papurello the proper methods of cataloguing, accessioning, and preparing books for the shelves. A candy sale provides funds to buy pins for senior members and to add to the Library's ever-increasing collection of books. Burrell can be proud of this fine organization and its contribution to the school.

Behind the scenes at BurrellHigh, the members of the Stage Crew are hard at work. They operate the auditorium and stage lights, manipulate the curtain, and help change scenery during plays and assemblies. With Mr. Yedlowski as their sponsor, the ten boys make possible the production of our auditorium programs.

A piece of audio-visual equipment being wheeled down the hallway is a familiar sight to us at Burrell. Members of the Audio-Visual Aids Club distribute this equipment throughout the school and aid teachers in using it correctly and effectively. Under the able direction of Mr. Papurello, members learn the various procedures necessary in operating an efficient audio-visual aids program.

To give students the incentive to become more effective speakers, and therefore more successful and influential citizens — that is the noble aim of the National Forensic League. Members travel to nearby colleges to enter into debates and oratical contests with other high school teams. In order to prepare their arguments well, much research must be done by the participants on the topic to be debated. Research completed and the ideas that they will support firmly planted in their minds, the Forensic League members are ready to begin, determined to win the next debate.

Sprechen Sie Deutsch? Through general discussion, individual reports and extracurricular reading, the members of the German Club hope to increase their knowledge of both the German language and culture.

"Los Gringos" use various methods to acquaint themselves with the cultures of Spanish speaking countries. Holding open discussions with foreign exchange students who are visiting Burrell, viewing slides of Spain and South America, and practicing Spanish customs and singing Spanish songs at their "fiestas" enable them to combine entertainment with learning in Spanish Club meetings and activities.

Le Cercle Français

This year the French Club has planned a program to cultivate in its members an interest in the French culture and civilization. Participating in various programs, games, and songs makes meetings enjoyable, while conducting business in French makes them educational too. The club raises money to provide its members with club pins and to purchase subscriptions to French magazines which will be used in the French classes.

RADIO CLUB

Its membership may be small, but the aims and activities of the Radio Club are far reaching. During meetings electronic lectures and demonstrations are conducted to aid members in achieving one of their most important goals: to become licensed "Ham operators." Under the supervision of Mr. Acciai, the club purchases and maintains its own radio equipment to help each member learn the proper operating procedures. The success of the club is evident in the fact that eight of the thirteen members have already earned their licenses.

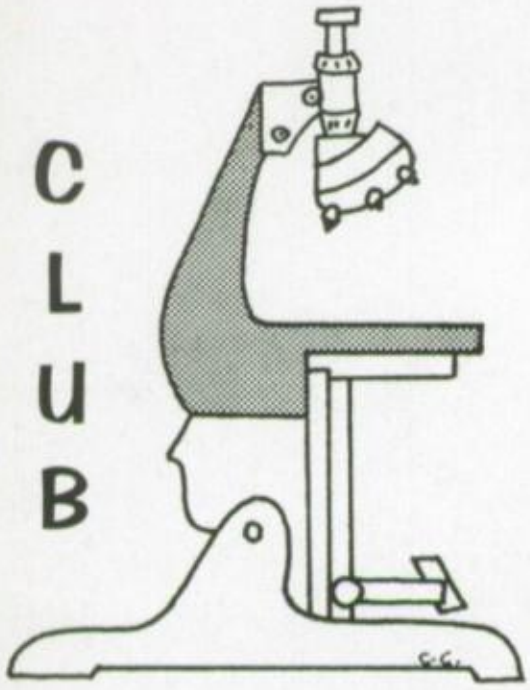
Anyone who sincerely wants to learn more about the art of photography is a welcome member of the Photography Club. Among the many activities of the members are learning special techniques of taking and developing pictures and studying different types of cameras.

SCIENCE CLUB



Students at Burrell who plan to enter some field of science have found aid and encouragement in the Science Club, under the direction of Mr. Szul and Mr. Shiring. Activities this year include the study of taxidermy, the mounting of an animal skeleton, and the construction of a nature trail.

"It's Snoopy and The Red Baron"

Dedication and hard work — both are necessary if a nurse is to do her job well. The members of the Future Nurses of America are preparing themselves for a successful career in the field of nursing by working regularly as candy stripers in the local hospital. Christmas decorations are sold by club members and proceeds are put into a scholarship fund. Each year this scholarship is given to one student who has been accepted at an approved school of nursing. Many good nurses begin as members of the F.N.A.

Are you considering a career in medicine? If there is a question in your mind, the Future Physicians Club can help you decide. Although this is the organization's first year, the members are enthusiastic about the many projects planned to help them learn more about the medical profession. At its meetings, the club has guest speakers and films dealing with different phases of medicine. Other projects include field trips to medical schools and hospitals, giving members the opportunity to observe persons trained in medicine at their daily tasks.

ASTRONOMY CLUB

Most of us can locate Orion in the winter sky, but have you ever seen Lepus, the Hare, or Columba, the Dove? Star-gazing is the main activity of the Astronomy Club. In addition, the entire school system as well as various local civic groups benefit from the planetarium programs and demonstrations presented periodically by club members.

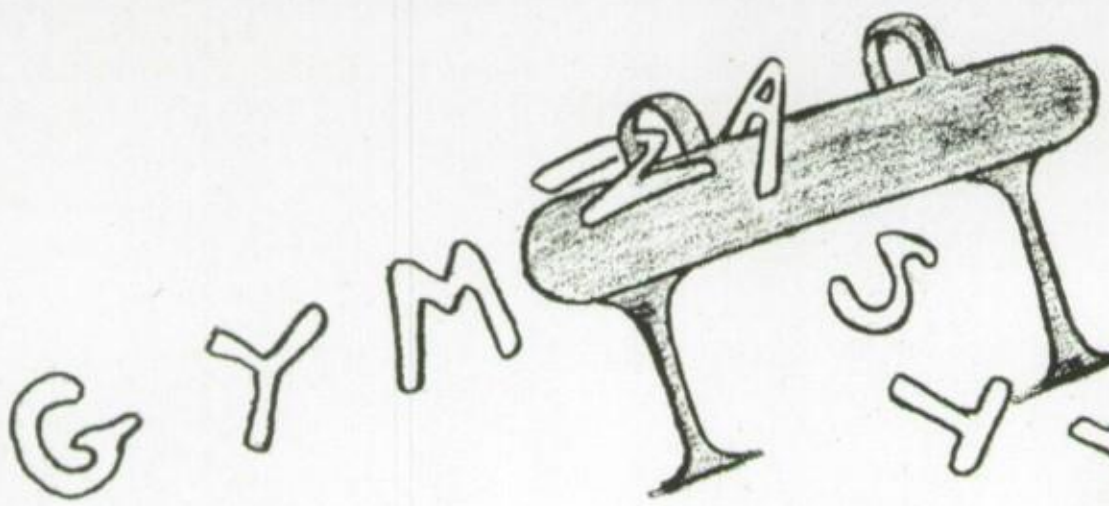
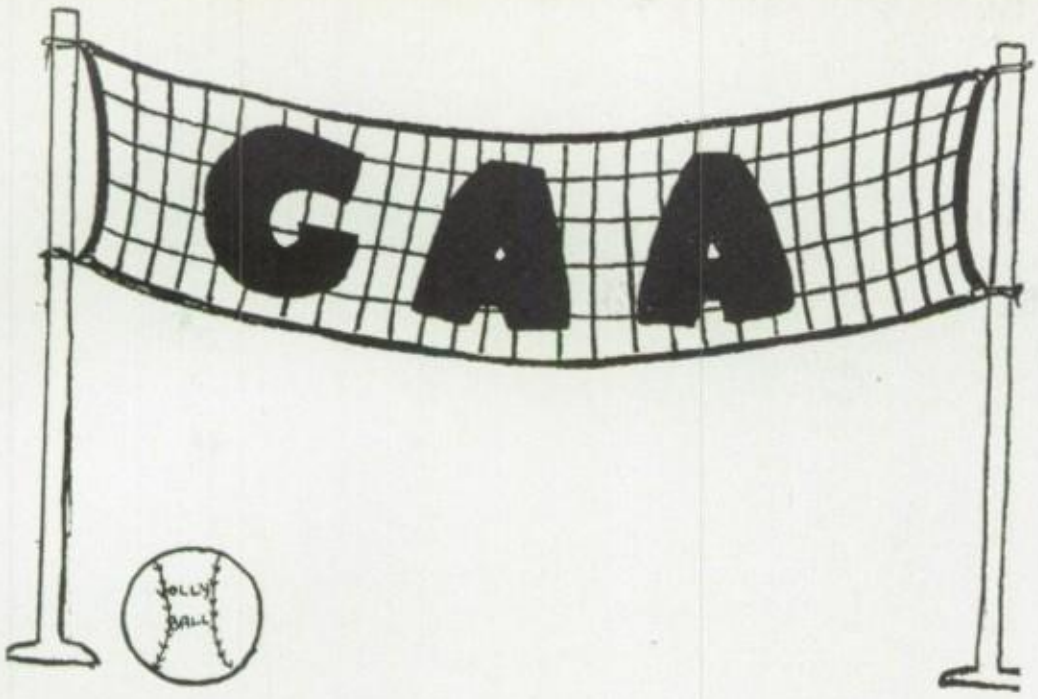
Mr. Robuck is the gymnastic advisor to the 87 club members.



"Tricks are for kids!."

Practice makes perfect, as all members of the Gymnastics Club know. They practice tumbling and stunts on such equipment as steel rings, parallel bars, horizontal bar, and balance beam for program exhibitions and competitions against other gymnastic groups. By learning these skills the members are able to understand the role gymnastics can play in achieving physical fitness.



"Hey, I'm no pole, I'm Irish!"

Do you feel there aren't enough athletic opportunities for high school girls? Why not join G.A.A.? Intramural programs are organized by members of the Girls Athletic Association, who also serve as officials in these competitions. Teams composed of interested girls, not necessarily G.A.A. members, compete for trophies in speedball, volleyball, and basketball. These activities give girls as well as boys the chance to develop athletic skills.

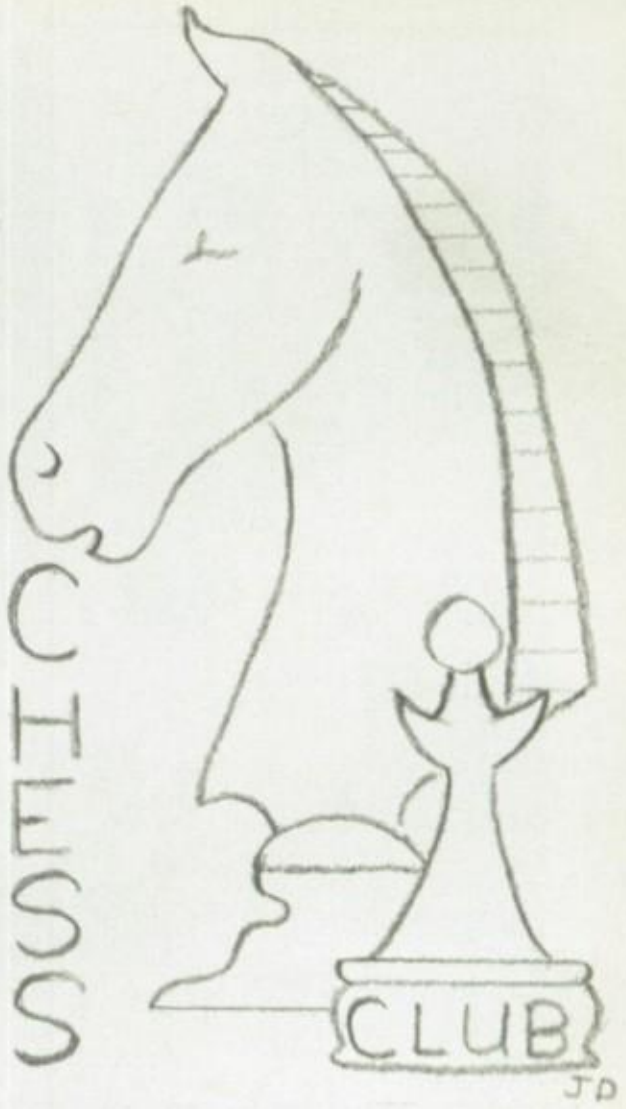
Miss McGrath is the advisor to the Burrell Pep Club.

The "peppiest" club at Burrell is undoubtedly the Pep Club. Its members form the core for cheering at athletic events. In addition, they make and distribute victory tags, hang pep signs in the hallways, decorate the goal posts, and arrange the gym display case. At club meetings new cheers are learned and practiced. The energetic members of this club are helping to spread school spirit throughout our school.

"I told him not to make that move."



Checkmate! This familiar word haunts the minds of all chess players. Through tournament style play at Chess Club meetings, the essential skills of strategy and perceptiveness are practiced and utilized to their fullest extent. Tension rises as winners compete in playoffs to determine the club champion. To beginners it may seem hopelessly complicated, but Mr. Watkins tries to help all members improve their game.

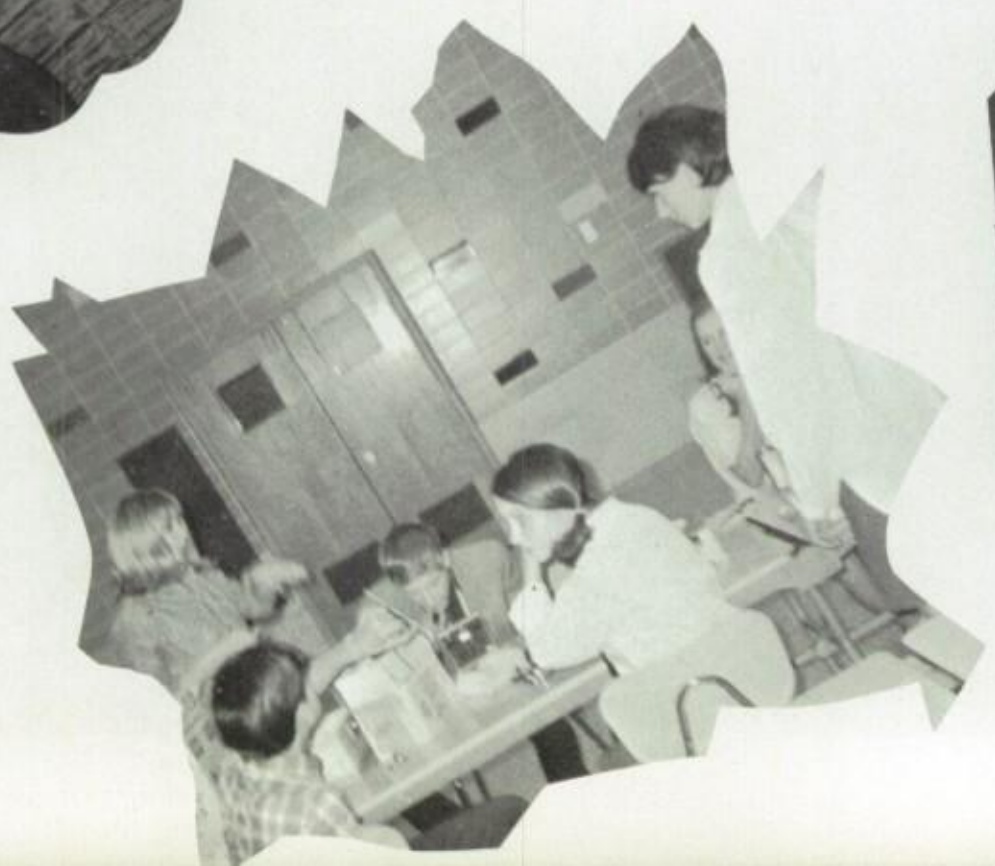
Strange Boarders



Parisian

"Aw gee!"

"But I DID brush my teeth!"

"Where's this tower they're talking about?"

Night

The hour of nine arrived, and the deserted streets of Paris began to come alive. With the Eiffel Tower in the background, juniors, seniors, and their dates danced to the music of Barry Blue. Suspended over their heads were the lofty night-time clouds, and lining the cafes were colorful springtime blossoms. But at the Witching Hour the couples left the romantic Parisian surroundings.

Then—ties were removed, heels kicked off and formalities forgotten—the post-prom began. Food, dancing, magic and comedy, all in keeping with the Mardi Gras theme, filled the early hours with enchantment. The evening's festivities were climaxed by the crowning of the Post-Prom Queen, Phyllis Tomaszewski. But all good things must come to an end. At 6:00 A. M. the exhausted party-goers made their weary way homeward to prepare for that day's picnic.

These routines attracted almost as much attention at half-time as the football players did during the game. It was then that Burrell Majorettes were rewarded for all those exhausting days of practice. Their precision and enthusiasm has made Burrell proud of its twenty-nine Pi-Rettes.

"No, no! It goes 'skoo - be - dooba - dee - bup - bup - pa - dow', not 'skoodaba - do - do - badapa - deep'," says Mr. Lagoon to the dance band at after-school rehearsal. Practice sessions become wild since the trumpets never practice, the trombones have water battles and the saxes break each other's reeds. But out of all this commotion, a surprisingly well co-ordinated and well practiced band emerges. The Burrell Dance Band has performed very successfully in two Dance Band Festivals, at the McKillop Fund Dinner and at the Allegheny Valley Foreman's Club.

CONCERT BAND

"Hey, where can I put my coat?" "Do I have to register out in the hall first?" "Where do you think you're going with my instrument?" Sounds like confusion? It all started about 9:00 a.m. Thursday, February 23, 1967, and continued in the same hectic manner until late Saturday Night, when the participants in the District Concert Band Festival climaxed their three day visit at Burrell by presenting their final concert. It was a great honor to have our school chosen as the site for the Western District Band Festival this year, and Burrell students were happy to welcome students representing eighty different school districts from five counties in Western Pennsylvania. Burrell students who participated in the festival were Jerry DiMuzio, Rich Kerchenko, Andy Piecka, Tim Opar, Bob Wagner, Tom McVay, and Bill Daher. Besides hosting district band, the Burrell band performed two other concerts in which all the band members took part.

The Choir Room's alive with the sound of music! The spiritual sounds of "Not a Mumbalin' Word" and "Hallelujah", the inspiring sounds of "At Thy Feet", the soft sounds of Brahm's love songs are all a part of the daily practice routine of the Burrell Senior High Choir. Long months of hard work are put into the production of a Christmas and a Spring Concert. It is then that choir members reap the rewards of their diligent practice.

"GO BUCS GO"

A joyous shriek pierces the bustling air around the field as the most valuable person of scholastic History enters the gridiron. This hero of all time runs most athletically through the rest of the squad — a brave, fearless crusader who bears no title of royalty, rank of office, or number of identification, a patron of the weaker sex, who shows a bit of genius in drills and acrobatics.

Laborious hours of effort have trained her to utilize all her strength in an unceasing struggle to stir the half-hearted pulses of the spectators.

This is not the over-anxious mother of one of the players, but an indispensable cheerleader.

NO PAY IN I-A

Placement in 1-A brought few victories and many disappointments. Although the Bucs finished their season with a 1-11 record, Mr. Bacha's five starting seniors put on a good show. Captain Jim DiMuzio played a consistently good game, and Bob Wiegand tied a school record, with 30 points scored against Kiski.

The Wrestling team's record was one to be proud of again this year. A practically new team, under the direction of Coaches Jones and Szul, took eleven and dropped three of their matches. Sophomore Bob Bolt led the team with an undefeated record and was followed by Wally Reimer, Stan Kengor and Mike Spires, who also had excellent records.

Six one-run ballgames produced many thrills for Burrell baseball fans this year. The boys, under the coaching of Mr. Papurello, displayed baseball skill and excellent sportsmanship. Leadership on the field fell into the able hands of co-captains Jim Gray and Rick Nadolny. Despite its four and ten record, many Bucs had outstanding seasons. Burrell's offensive attack was led by Rocky Andrews, who batted .363, and Jim DiMuzio at .333.

Defensively, Jim Ames made many spectacular catches in the outfield, and fine fielding by Jim DiMusio balanced the infield. Jeff Reynolds proved to be the Buc workhorse—pitching twenty-four innings and striking out eighteen batters. Other fine pitching prospects are John Bilicki with the lowest ERA (.64) and Steve McNally who hurled fine relief.

READY? This was, and still is, the battle cry used by Burrell's Buccaneers as they helped launch a new venture in W.P.I.A.L. competition.

Burrell, along with Penn Hills (1965 State Champs), Elderton (1966 W.P.I.A.L. Tourney Champs), Glassport, Plum and Edfra, formed the fast Western Pennsylvania Interscholastic Volleyball League. In addition to league play, Burrell also figured in two big high school tournaments. One, a twelve-team event at Elderton, and the other the Second Annual Burrell-Edfra classic. The latter, Co-sponsored by the East Deer-Fraser High Team, was held on Buc's court March 26.

Although the Buc passer-spiker combos didn't register too well in league standings, their opponents on the other side of the net were always aware of Buc potential, braced for Buc's READY.

SWIMMING

A shot of a gun and a puff of smoke started Burrell's swim team off to twelve wins and two losses. Good teamwork as well as individual desire to win and excellent coaching by Mr. Robuck enabled the team to capture the Section Two title and compete in the W.P.I.A.L. swim-off.

LIONS CODE OF ETHICS

To show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

To seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self respect lost because of unfair advantage taken or because of questionable acts on my part.

To remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

Whenever a doubt arises as to the right or ethics of my position or action towards my fellow men, to resolve such doubt against myself.

To hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

Always to bear in mind my obligations as a citizen to my nation, my state and my community and to give to them my unswerving loyalty in word, act and deed. To give them freely of my time, labor and means.

To aid my fellow men by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

To be careful with my criticisms and liberal with my praise; to build up and not destroy.
